

Hello Gorgeous

Dr.PAWPAW Hand Health Kits!

SAVE, SOOTHE AND PROTECT HANDS WITH DR.PAWPAW

Hand Health Kit £9.99 each / Ultimate Hand Health Kit £15.99 each

www.DrPAWPAW.com

Dr.PAWPAW introduce two new **Hand Health Kits** to their product range. Following the launch of the **Multi-purpose Antibacterial Sanitiser Spray**, the kits have been designed to aid in keeping hands **safe, nourished** and **protected** all year round.

Each hand kit includes the vegan-friendly **Multi-Purpose Antibacterial Sanitiser Spray** which kills 99.9% of germs with its high 80% alcohol contents and our cult **Original Balm**, a natural, multi-purpose soothing balm that **hydrates** and **nourishes** the skin. Enriched with our trio of hard-working ingredients including **Papaya** (PAWPAW Fruit) to **nourish**, **Aloe Vera** to **soothe** and **Olive Oil** to **hydrate** it's perfect for hands that need a bit of TLC. An intense overnight treatment with the **Original Balm** will **restore** the hands as they once again become super **soft** and **moisturised** following another day of intense hand-washing and sanitising.

An additional treat is included in the **Ultimate Hand Health Kit**, one of our latest innovations, the **Dr.PAWPAW Age Renewal Hand Cream** (Unfragranced). Suitable for the most sensitive of skin types the hand cream provides an extra boost of **moisture** and **nourishment** with our trio of hero ingredients **Papaya** (PAWPAW Fruit), **Aloe Vera** and **Olive Oil**. Perfect for use throughout the day due to its fast absorbing formula. The hand cream is also infused with naturally active **Colloidal Oatmeal** which provides **age renewal properties** plus **Shea Butter** & **Cocoa Butter** which provide extra **nourishment** and **hydration** for the skin.

The new **Hand Health Kit** (£9.99) and **Ultimate Hand Health Kit** (£15.99) from Dr.PAWPAW provide you with all the products you need to ensure hands are well **protected**. Great value for money too, a nice gift idea and the perfect new essential buy for you and your family.

OUR STORY

Dr.PAWPAW was created in 2013 by Johnny & Pauline Paterson and is a UK made and manufactured brand. Dr.PAWPAW's philosophy has always been to make inclusive beauty products. It is our main mission to create multi use products for everybody and the whole face and body. We are pioneers of the skincare meet cosmetic movement, which means our products not only make you look and feel good but also benefit and improve the skin at the same time.
