

Creativity for Kids – Sensory Bins

Sensory Bin

What is a Sensory Bin?

A sensory bin is a self-contained, tactile play experience. Sensory bins allow children to explore, learn and create, while engaging their senses and having FUN! Conveniently packed so you can spend less time planning and your child can spend more time playing!

BENEFITS

-  **Early learning skills**
Kindergarten readiness skills
-  **Fine motor skills**
Tactile play using simple tools
-  **Emotional development**
Encourages calming, mindful, independent play
-  **Language development**
Promotes the use of descriptive words and storytelling
