

Cocoba Chocolate reveals their irresistible Valentine's Day Collection!

Cocoba, the Kent-based chocolate company renowned for producing indulgent chocolate and hot chocolate gifts, have launched this year's collection of Valentine's treats.

From creamy chocolate bars which have been lovingly decorated by hand, to beautifully handcrafted hot chocolate bombes bursting with marshmallows, Cocoba Chocolate have curated a delightful selection of heart-warming gifts to say, "I love you", this Valentine's Day.

The adorable "Jelly Hearts Milk Chocolate Bar" is adorned with sweet jelly hearts and combined with the smoothness of premium milk chocolate to create the perfect token to delight someone special. Priced at just **£4.95**, this thoughtfully handmade gift is sure to make a loved one feel cherished on Valentine's Day.

For a cosy and romantic night in, Cocoba's scrumptious "Hot Chocolate Bombes" are simply a must-have to any lovebirds' date night plans. With the straightforward addition of steaming hot milk, the chocolate sphere melts to reveal the lovely heart-shaped marshmallows hiding within. Made from the finest quality milk chocolate to guarantee an exceptional taste experience, these theatrical hot chocolate delights are sold individually for **£4.50**, or in a pack of three for £10.95. For the perfect pair, couple with a Cocoba "I'm a Mug for Hot Chocolate" Mug for £6.95 to create the ultimate gifting duo.

Finally, the "Sharing Heart Chocolate Bar Set" is expertly handmade and presented in a beautiful sleeve as the perfect gift for two to share this February. One heart is made using Cocoba's delectable strawberry-flavoured white chocolate and decorated with an abundance of freeze-dried strawberry pieces, and the other heart is made using premium milk chocolate and hand-finished with an elegant layer of white chocolate drizzle. At just **£10.95**, this exquisite chocolate bar set makes a wonderful gift for couples to indulge in together, adding a sweet touch to their Valentine's Day and creating lasting memories.
