

BOUNTY RUM - GOLD

FACT FILE

Brief Description:

The Caribbean is known for its mastery of rum production. They take pride in the precision and provenance poured into every bottle. And in Bounty, St Lucia Distillers have created an exceptional range.

Bounty Rum embodies the sights and spirit of Saint Lucia and every sip offers a true taste of the Caribbean.

Serve Suggestions:

Drink it neat to savour that Caribbean vibe! Or with water, or on the rocks - with limes (or lemons!). Mix it in your favourite cocktail, in a hot chocolate or keep it simple with Bounty's hero serve Bounty and Coke.
